## **Canine Boarding Fees/Policies**

### **Introduction**

*We feel it is a tremendous advantage to board your pet at our veterinary clinic's boarding facility. If your animal should become sick or injured, it can receive prompt care by a veterinarian or veterinary technician.*

*As an added advantage, if your pet requires medication during their stay, it will be administered at no additional charge. Also, our groomer is available for baths and grooming while your dog is here, based on availability. It's best to book grooming in advance if you know your boarding dates.*

*At the time of your check-in, you will be asked which level of care you would like us to perform should your pet become ill or injured. You may also elect a bath, nail trim, or other service for your dog at the time of check-in.*

### **Requirements**

*In order to maintain good health in all of the dogs that are boarding we require the following:*

- Current vaccinations (within 12 months): DHLPP-CPV (6-way distemper)  
Bordetella (kennel cough)  
Rabies (current)*
- Negative fecal test (within 12 months)*

***Proof of vaccinations and negative fecal test required at check-in, if veterinary services are provided elsewhere.***

***NOTE: If annual vaccinations or an examination are provided while boarding, a boarding office visit charge will be added.***

### **Fees** (per day)

***We have large indoor/outdoor runs, or indoor runs. Both have heated floors during the winter and are fully air-conditioned during the summer.***

## **Comments/Instructions**

- We recommend you bring your dog's own food and any treats. This minimizes stress and helps prevent digestive upset. Should your pet develop any problems with diarrhea or vomiting, we will begin appropriate treatments for an additional fee. Bring an appropriate amount of food just for their stay. We recommend putting it in a plastic container such as an ice-cream bucket. If you don't bring your pet's food we will feed Eukanuba Adult Small Bites. If you forget to bring a prescription diet that your pet requires, you may purchase a bag at check-in time. We carry most prescription Eukanuba and Science Diets.
- Food and water bowls are supplied. However, if your dog eats out of a raised bowl stand or uses a special bowl, please feel free to bring it along. Please be sure to permanently identify it with your name.
- Bringing favorite toys or chew bones is recommended to make them feel right at home.
- We have in-floor heating for all our kennels. For added comfort we have a large supply of blankets that your dog can sleep on. Fresh blankets are provided daily. We ask that you do not bring any blankets, beds, or cushions.
- If your dog usually sleeps in a kennel or crate you may bring it along (please check ahead of time to be sure it fits in our kennels).
- We also offer Sunday and some holiday pick-ups between 5:00pm and 5:15pm. The clinic is not open for regular business during this time, but we provide this additional time to pick up your pet. This discharge time is provided as a convenience for clients who are unable to come in to pick up their animal on Monday morning. The charge will be the same as though you were picking up Monday morning before 11:00am.

## **Extended Boarding** (14 days or longer)

- 15% discount
- Must be pre-paid or credit card number may be left, and we will charge account every 2 weeks.

If you cancel within the 48-hour window or do not show up, and we are unable to fill your reserved space, we may charge your account or credit card for the full amount of your reserved time.
